

PROJECT MANAGEMENT CHALLENGE 2006

Third Annual NASA Project Management Conference

BIOGRAPHY

Mr. Lee Fischman
Special Projects Director
Galorath Incorporated

Biography:

Lee Fischman manages much of the new product development at Galorath and also a variety of research projects. At Galorath he also has been awarded several Small Business Innovation Research grants. His most prominent area of research has been software metrics, although he has coordinated the development of systems for statistical data mining, project planning, estimating by comparison and, most recently, a spacecraft costing model. Prior to Galorath, he worked as a programmer in the New York financial industry. Mr. Fischman obtained an MA in Economics from UCLA and a BA from the University of Chicago.
